## EDITORIAL

The purpose of UCP Times is to inform, engage, inspire and entertain a diverse readership - including alumni, corporate, faculty, staff, students, parents and other UCP allies.

Catering the concern of depleting fossil fuels and fulfilling the CSR, UCP, for self-consumption and to put an end to energy guzzling, installed one of Pakistan's largest Grid -Tied Solar Power Plant in the Education Sector. Keeping abreast with the importance of Research and Development, UCP with Kedge Business School jointly organized a successful 4th International Conference on Contemporary Issues in Business Management with the theme "Sustainable Business Practices in South Asia. The conference discussions highlighted on the maximum opportunities for investment and sustainable business practices. Researchers and industry experts argued for a documented economy with integration between policy makers, government and businesses.

World has become a global village, thus to familiarize our students with the prevailing trends and developments, 20 UCP students were sent to China on full scholarship. A detailed international excursion cum academic trip to Europe was also organized for the student body of UCP.

At UCP, sports is an integral part of the extra-curricular activities, and as such maintaining the legacy of winning the phenomenal sportsmen of UCP, for the 6th time consecutively, won the All Pakistan HEC Intervarsity Sports Championship 2016-17, beating 120+ public and private universities of Pakistan.

To honor and celebrate Pakistan's 70th Independence Day with patriotic zest, UCP in Collaboration with Dunya TV hosted a star studded celebration ceremony commemorating the birth of our nation and saluting our national heroes in different professional realms.

Our students also had a privilege to spend a day out with Pak Army. Harnessing the students' potential correctly innumerable events were organized in the year 2017 which includes UCP-MUN, TEC Emporia, Intervarsity Film & Documentary Contest, Shab-e-Midhat, UCP Marketing Gala, Engineering Olympiad, Robo Mela, Parliamentary Debating Competition, Inferno, Pond's Miracle Journey etc.

Events that add glam factor to this newsletter include the Cultural Carnival' 17, Funkariyan' 17 and UCP Taakra, the biggest multi-category five days' event of Pakistan, executed after successfully arranging and winning series of events! The event offered different competitions in varied categories with huge intervarsity participation.

The leading areas of performance by UCP are adding to the continuous excellence of the institution on both national and international levels. Our newsletter is just another addition to the set of publications covering up all our notable activities. We hope that the third issue of this newsletter adds more information in the UCPs hall of fame. For yet another better version, any inevitable suggestions and creative ideas are welcomed, from students and faculty equally.

## UCP Goes Green One of the Largest Solar Power Plant in the Education Sector of Pakistan installed at UCP!

An aerial view of UCP 0.5 MW grid-tied solar plant.

In current scenario, the renewable energy has become a need for the future of energy independence in Pakistan. In the same regard University of Central Punjab, for self-consumption and to put an end to energy guzzling, installed one of Pakistan's largest Grid - Tied Solar Power Plant in the Education Sector.

The cost effectiveness and energy efficiency associated with the said installation undoubtedly is huge. And the aforementioned initiative takes Punjab Group of Colleges, one step closer to becoming Pakistan's largest chain of Green Energy based educational Institutes.

With the said installation, completed and commissioned in a record period of 3 months, UCP shall be experiencing a production of 710 Mega Watt Hour per annum accordingly reducing the carbon emission by 392 tons every year. It is also expected that the sophisticated technology, installed by the students of UCP, including 5 bus bar solar modules, galvanized iron structure and Italian String Inverters shall entitle UCP to a clean, reliable and resilient energy system.

Prof Dr. Muhammad Zafarullah, Pro Rector UCP, formally inaugurated the .5 MW Grid Tied Solar Power Plant at University of Central Punjab. The formal inauguration and ribbon cutting ceremony was followed by an informative panel discussion where eminent personalities from energy and various departments highlighted the significance and potential of Renewable Energy Resources in general and Solar in particular. A Symbolic Walk was also organized in favour of the Green Initiative.

The praise worthy initiative by UCP, of installing 0.5 MW Grid-Tied Solar Power Plant, was not only appreciated by various notables of Pakistan but it also brought UCP in the list of Green League Universities, UK.
